installation instructions

track-pro cf series folding sliding door system

Designed for effortless opening with a folded mechanism, this system offers precise adjustments for a perfect fit. Height adjustment of $\pm 2\text{mm}$ and depth adjustment of $+3\text{mm}/-2\text{mm}$ ensure flexibility, accommodating door thicknesses from 16-25mm and supporting door heights up to 2800mm.

cf series side mounted folding door with 4 door panels for 16-25mm thick doors

cf series folding sliding door system
