Length

Overall length of the handle.

Hole Centers

The measurement between the centers of the two screw holes.

Depth

The distance between the base of the handle and face of the handle. With bow shaped handles, the longest distance from the base to the face will be considered the handle depth.

Thickness

The distance between the top and bottom sides of the handle face. Handles with uneven faces will have the longest distance recorded as depth.

Finish

The decorative finish used on each handle surface.
